Beverly Connaughty, Board Member

#### **Ribbon Cutting participants:**

Mayor Tom Kennedy  
Jim Flynn, Library Board President  
Katherine Seigner, Friends President

#### **Little Free Library Background**

The theme of the Friends of the Library sponsored Little Free Library is ***Sharing Books Building Community***. Promoting reading and neighborliness by offering people the opportunity to share books with others is the goal. Take a book, return a book is one of the sentiments expressed on the signage. The labels provided by the library say "Always A Gift Never for Sale." The Little Free Library grand opening is June 10, 2013 at 5pm. Books for all ages are welcome.

The Friendly By Nature Little Free Library is the ultimate example of "Reduce, Reuse, Repurpose and Recycle. It is made from 100% recycled wood/plastic post-consumer product. You never need to paint or stain it. It is durable and safe in all kinds of weather. The Library is 19" wide, 23" high and 15" deep. The Friends of the Library purchased it to be installed in the Library's Learning Garden.

**Please Join the Friends in making the world a better place-one book at a time!**

**Thank you,  
Sue Mevis, Library Administrator**
