

311 N Spring Street, Beaver Dam, WI 53916 | 920-887-4631 | www.cityofbeaverdam.com/library

For Immediate Release – May 15, 2020

The Library Board and staff of the Beaver Dam Community Library, along with the City of Beaver Dam, are working on a plan to reopen the library that prioritizes the safety of the community and library staff.

We know that access to library materials, services, and programs is important to you. While the building remains closed, library materials can be checked out for home delivery through our Mailbox Library Service. Librarians can help you by phone, email and text and will continue to provide remote services and virtual programs.

A virtual Summer Library Program will begin June 1. More information will be announced as it becomes available through local and social media and our website. Thank you for your patience and we look forward to welcoming you back to the library.
