### **NEWS RELEASE**

Starting 1/4/21, and continuing throughout the month of January, City of Beaver Dam residents that receive contracted solid waste collection services from the City, may place Christmas trees and boughs to the curb for collection by City crews. Trees and boughs must be free of ornaments, lights and stands so they can be chipped. This Christmas tree pickup will continue through Friday, January 29.

City of Beaver Dam residents may also dispose of Christmas trees and boughs, meeting the above requirements, at the yard waste drop-off site, 640 S Center St, Monday through Friday, 7:00 a.m. - 3:30 p.m. . No waste of any kind is accepted from outside of the City or from any contractors.

Wreaths and boughs containing roping or wire may be placed in your non-recyclable cart for collection as garbage by the City's waste collection contractor. No wreaths or boughs containing roping will be accepted at the Public Works Garage drop-off site.

Dan Mulhern  
DPW Supervisor
