

**Dear Reader,**

**This letter is a short appeal to ask for donations to improve and update the disc golf course at Crystal Lake Park.**

The first nine holes of the disc golf course was established in 1994 by the parks department. The second nine holes was initiated by a grass roots effort by local disc golf enthusiasts Ross "Bosco" Hanson and Rob Pearson in 2002 to and completed in the Fall of 2003

The disc golf course at Crystal Lake Park is popular with people of all ages and it provides the youth in this town a safe, fun, inexpensive opportunity to enjoy the outdoors. It also attracts visitors to our community to play our 18 hole course that was designed with the help of the Professional Disc Golf Association (PDGA). There is also potential to have tournaments held there.

Some of our local youth have even competed nationally, one of them, Logan Thomas a senior here at Beaver Dam HS came to speak to the Parks and Place Making Advisory Committee about how the course is great but could be so much better with new signs, baskets, a few repairs and perhaps more trees. The idea is simple the better the course the more people want to come and play the course. Inspired and motivated by his enthusiasm we have banded together to raise funds to do just that.

To be a : **gold sponsor** donate \$1000 your name or company will be the only sponsor for a hole. **Silver sponsor** : \$500 two names on a hole. **Bronze sponsor:** \$250 3 or 4 sponsors to a hole. If you want to appear on a hole with another person or organization just donate separately but put your wishes on the donation form. Sponsorship is for ten years.

We will also take smaller donations for more trees and landscape improvements. The funds will be run through the Beaver Dam Area Community Foundation under the Parks Funds a 501.c3 set up to improve parks in Beaver Dam. The money donated to the disc golf fund will stay separate to be used for that purpose only.

Any donations that are not immediately used will stay in the fund for future improvements. This fund is set up for the purpose of enhancing the park and investing for long term growth as well.

A tree sponsorship for fall planting will be sponsored by Ren's Nursery in Waupun. N11525 County Rd. MM and Brehm's Wonder Creek Nursery N7127 S. Crystal Lake Rd. Beaver Dam . If you want to buy a tree with at least a 2" caliper ranging in price from \$80- \$250 they will give 15% off the tree you choose. They will hold the trees until we have a volunteer planting day. They have Maple , Oaks, locust and flowering trees to choose from. Just tell them you are there to buy a tree for Disc Golf @ Crystal Lake.

Thank you for your support,  
Lori Mitchell , Logan Thomas and the Disc Golf @ Crystal Lake Committee
